

## UPDATED TALKING POINTS ON MAGA HOUSE REPUBLICANS' LATEST POLITICAL STUNT: BOGUS IMPEACHMENT OF PRESIDENT BIDEN

December 2023

**Key Point:** An impeachment of President Biden is nothing more than a partisan political stunt designed to hurt the President and help Donald Trump return to the White House in 2024. Republicans have admitted this *multiple* times. Their efforts to hide behind an impeachment inquiry will not protect their vulnerable members from the voters. In failed hearing after failed hearing, MAGA Republicans have found NO EVIDENCE of wrongdoing by President Biden or his administration, but that has not stopped them from pushing baseless conspiracy theories and lies. Republicans continue to be focused on the wrong priorities, not the kitchen table issues that Americans around the country care about.

### The Toplines

- **Republicans in Congress have failed to find a single shred of evidence of wrongdoing by President Biden.** Their so-called bombshell evidence does not exist. They don't care about the truth. Their entire playbook is to spread baseless conspiracy theories before being forced to admit that they have no proof of anything. Even [Fox News](#) has repeatedly said there is no evidence, and other [Republican lawmakers](#) do not support an impeachment – including Republican senators. Even the [star witness](#) at their first (and last!) hearing admitted there is no evidence of wrongdoing. Comer has reviewed 36,000 pages of subpoenaed bank records, over 2,000 pages of suspicious activity reports, and spent dozens of hours interviewing witnesses – and has found **no** evidence of wrongdoing whatsoever.
- **Republicans are lying about needing an impeachment for more oversight power.** The truth is, the Biden administration has given Congressional investigators *everything* they've asked for, and still Comer and Jordan have absolutely nothing. As Comer himself [said](#), “every subpoena that I have signed, as Chairman of the House Oversight Committee over the last five months, we have gotten 100% of what we requested, whether it's with the FBI or with the banks or with Treasury.” Not getting what they've hoped to find is

neither an example of obstruction nor an excuse to open an impeachment inquiry.

- **This bogus impeachment effort is a desperate attempt by MAGA Republicans to distract from Donald Trump's serious legal troubles.** As the handpicked Speaker of Donald Trump, Speaker MAGA Mike Johnson continues to commit to following through on the bogus Biden impeachment. But as Trump has been indicted for 91 criminal counts and trials are beginning, Republicans are desperate to change the news cycle and protect Trump, their MAGA agenda, and their power. Republicans have even interfered with investigations into Trump, threatening investigators with congressional investigations of their own. These are blatant attempts to protect their disgraced former president and help him return to the White House in 2024.
- **MAGA Republicans have the wrong priorities. They are focusing on partisan political stunts rather than the real issues Americans care about like the economy and the cost of living.** Between a bogus impeachment stunt, shutting down the government, defunding the FBI to protect Donald Trump, and trying to undo Donald Trump's impeachments, the MAGA House and their so-called moderate members are showing the American people that their real priorities are MAGA priorities. As Rep. Chip Roy recently [said](#) on the House floor, House Republicans have done absolutely nothing to make the lives of the American people better.
  - **Recent [polling of battleground districts](#) shows that voters don't support Republican efforts to impeach President Biden without evidence.** 56% of voters (including 55% of independents) across eighteen swing districts think MAGA Republicans' impeachment promises are more of a partisan political stunt than a serious effort to investigate important problems.
    - A majority of voters in key battleground districts (55%) think an impeachment inquiry would be more about helping Donald Trump than finding the truth, including 56% of independent voters.
    - Similarly, the majority of voters (56%) from key swing districts think the House of Representatives should have to vote to authorize an impeachment inquiry into President Joe Biden before it begins.
- **MAGA Republicans are a threat to democracy. All they care about is power.** House Republicans have given support to extremists, conspiracy theorists, election deniers, and racists. They have shown a blatant disregard for the rule of law and support for political violence. MAGA House Republicans

continue to defend the attack on our Capitol and on our country on January 6th. They call criminals who attacked law enforcement patriots and promise them pardons.
