

**TALKING POINTS ON HOUSE WEAPONIZATION SUBCOMMITTEE
SO-CALLED FBI “WHISTLEBLOWER” HEARING**

May 2023

Key Point: Jim Jordan already had his highly touted “whistleblowers” exposed as frauds – including two he invited to testify today – but that isn’t stopping him from going ahead with his political circus of a hearing. Jordan’s witnesses have been working closely with Trump allies behind the scenes and are widely discredited conspiracy theorists and insurrection supporters. Jordan, House Republicans, and his extreme witnesses have shown that they have zero credibility. This hearing is just another desperate stunt designed to hurt President Biden as part of Jordan’s transparent plan to try to get his friend Donald Trump re-elected.

Toplines

- **This hearing is nothing more than a pathetic political stunt designed by MAGA Republicans to undermine President Biden in order to get more power for themselves, push their extreme agenda, and help Donald Trump.** MAGA Republicans have been holding failed hearing after failed hearing trying to prove their baseless allegations against President Biden and this hearing is set to be a flop as well.
- **Jim Jordan’s “whistleblowers” spread lies and conspiracy theories about January 6th, and other potential witnesses have reportedly been suspended for being at the Capitol on January 6th.** How is anyone who has been spreading wild and baseless conspiracy theories about January 6th or who was actually at the Capitol that day supposed to be believed when it comes to alleged wrongdoing by the government. These so-called whistleblowers have zero credibility and should not be taken seriously.
- **The witnesses have deep ties to Congressional Republicans and the Trump MAGA world, including Trump loyalist Kash Patel.** These so-called “whistleblowers” have been receiving money and legal support from

Trump allies. It is no surprise that these Trump-style attacks are coming from the big man himself. One witness previously worked for Senator Chuck Grassley who has been working with Jordan to push these conspiracy theories. Jordan has already pledged to use his taxpayer-funded committees to try to get Donald Trump re-elected and this is just one part of his plan.
