

TALKING POINTS ON MAGA HOUSE REPUBLICANS' LATEST POLITICAL STUNT: BOGUS IMPEACHMENT OF PRESIDENT BIDEN

June 2023

Key Point: Republicans like James Comer and Jim Jordan have made clear that they only care about political stunts designed to hurt President Biden in order to help their leader Donald Trump and advance an extreme MAGA agenda. They have held failed hearing after failed hearing and have found nothing the least bit incriminating on President Biden, but that is not stopping them. President Biden has an unimpeachable record to run on and Republicans can't compete with that record so they are engaging in more pathetic stunts - up to and including impeachment.

Toplines

- **This bogus impeachment is a desperate attempt by MAGA Republicans to distract from Donald Trump's serious legal troubles.** It is no coincidence that Republicans have started this bogus impeachment process shortly after Donald Trump was indicted on 37 felony counts over his improper handling of classified documents. New damning evidence against Trump continues to come out – including from Trump's own admissions during interviews – and Republicans are desperate to change the news cycle and protect Trump and their MAGA agenda.
- **This is nothing more than a pathetic political stunt designed by MAGA Republicans to undermine President Biden and help Donald Trump in order to push their extreme agenda.** House Republicans have made clear that their priority is trying to get Trump re-elected in 2024 and advance an extreme MAGA agenda. If they are successful, they will gut Social Security and Medicare and take away our fundamental rights, like the right to vote and the right to have an abortion. They would rather waste their time with these stunts than address the issues their constituents care about like health care, jobs, and reducing gun violence.

- **MAGA Republicans like James Comer and Jim Jordan have admitted that their investigations into President Biden are about helping Donald Trump get re-elected and hurting President Biden.** Comer recently [bragged](#) about the effects his investigations were having on Trump and Biden's 2024 poll numbers. And even before Republicans took control of the House, [Comer](#) and [Jordan](#) made clear that their focus would be on politically motivated investigations about President Biden in order to help Donald Trump in 2024.
- **Republicans have found nothing on President Biden to warrant impeachment.** Despite years of investigations and months of hearings, Republicans have found no evidence of President Biden committing any crimes. Their entire playbook is to spread debunked and baseless conspiracy theories before being forced to admit that they have no proof of anything. Chuck Grassley even [admitted](#) that Republicans do not care about whether the allegations they spread are accurate or not.
- **Republicans are scared of Biden's unimpeachable record delivering results for the American people.** The Biden administration has worked hard for the American people, creating millions of jobs, lowering health care and prescription drug costs, passing an historic infrastructure law, and putting the pandemic in the rearview mirror. Republicans know they have nothing to offer in comparison but partisan political stunts.
